

George Mason University

Center for Resilient and Sustainable Communities

Spring 2022 LUNCH~and~LEARN

PURPOSE. Lunch and learn events bring people together from across your organization and beyond in an informal atmosphere to enhance knowledge, build collaborations, and drive research development. So, grab your lunch and join the Center for Resilient and Sustainable Communities for a range of presentations on resilient and sustainable-related topics of interest.

These events provide an:

- 1) Enhanced set of knowledge, skills, and abilities;
- 2) Improved ability to manage within the organization; and
- 3) Expanded network of professional colleagues.

APPROACH. The lunch and learn Webinar Series are designed to be formal research presentations grounded in development projects external to George Mason University.

Access to these events is currently being held live via Zoom webcasts. Presentations files of most will also be available for viewing on the website.

CONTACT. For more information, please contact Dr. Tonya E. Thornton, Interim Assistant Director, at crasc@gmu.edu
